It's more than aiming top-shelf and pressing a button before the goalie gets into position.. OK, I downloaded this RAR file from BT (NHL 2005 Vengeance to be exact) and its a RAR file.. No, you have to outmaneuver the defense with quick skating and smart passing, work your way into scoring position, and then manually [].. Before opening any torrent folder, or file DO A SCAN WITH ANTI-VIRUS & MALWARE PROGRAM.. My speculation is they are TRACKING THE PAGE LISTING THE FILES, since that's where I actually encoured the virus from.

Also if you are new to this, beware these things are out there and what you should do to prevent them from happening.. Websites like: and many others are great for Dling all sorts of stuff, mainly movies.. How do I know? Paranormal Activity for instance Upon just doing a search of the movie, then being taken to the torrent listing page.. Personally, I only use them for kids movies they will repeatedly watch And I only for the most part DL dvdrips.. You're antivirus program will not stop this either Soon as you get to the point where some bogus program pops up, you have been infected.. There are few moments in any sports video game more satisfying than scoring a goal in NHL 09.. After blocking a bit, then going into the actual torrent Dl'ing page and viewing some comments.. I have netflix and it's cheap so, I just wait and get it Read comments, if there are none chances are it may be bad.. Run a program such as, PEER Guardian to help block other ISP's from digging into your computer.. (It's not a sure thing, but it will help some block alot of the public ISP's, alot of which are set up through the government.
